

Zero Emission Vehicles Rapid Response Facility

Country Request Form

To submit this request, email this completed form to zev.rrf@zevtc.org.

Answers to common questions can be found in our [Frequently Asked Questions](#). For more specific inquiries, contact the ZEV-RRF Hub Team at zev.rrf@zevtc.org.

Contact Details

1) Contact Information

Please provide name(s), email address(es) and affiliation(s) of the key contacts who will be the primary contact points for this request.

Name(s):

Email address(es):

Government/Organization Affiliation:

Background Information

2) Country:

3) Anticipated Timeline:

Including, if known: (i) start date; (ii) estimated project duration; (iii) required output date [if applicable].

*Please note that the targeted timeframe for completing requested projects should be **18 months or less from the start date**.*

4) Requesting institution(s) within the country and contact details

Please note that requests for ZEV-RRF support must be submitted entirely by or in direct partnership with a national government ministry and/or technical agency. The ZEV-RRF currently cannot accept requests from entities unaffiliated with the national government of an eligible country.

5) Brief description of the request (~250 words)

Please provide a concise summary of the request to the RRF, addressing the specific scope and key questions which arose from any bilateral and/or recent multilateral Country Dialogues.

If relevant, please also include any target vehicle segments (e.g., cars, buses, 2-wheelers)

6) Expected outcomes/rationale

Please briefly describe the impact that the requested technical assistance could have in advancing the ZEV transition in your country (e.g., updating NDC and/or developing a national road transport sector target, formulating new policies/regulations, securing capital investment for infrastructure, etc.). Feel free to contact zev.rrf@zevtc.org if you have additional clarifying questions.

7) Expected outputs/deliverables from the technical assistance

Please briefly describe your vision for the final product of this technical assistance (e.g., research report(s), analysis, technical training (workshop, presentation), policy design support, etc.).

8) Brief summary of any relevant background for this request and/or (if applicable) previous iterations

Please provide any additional background for the request. If this proposal has changed over the course of discussions with the ZEV-RRF Hub team, please also provide a brief summary of what those changes relate to and the rationale behind those changes.

9) Optional: Please describe any ongoing projects, work, or national/international partnerships that are relevant or connected to this request.

10) Optional: Potential/desired Spokes

If you have a particular Spoke(s) in mind who might be well-placed to respond to this request, please indicate that here. If any discussion with such organisations has taken place already, please provide some details on that engagement (e.g., during bilateral and/or multilateral Country Dialogues). A full list of ZEV-RRF Spoke organizations, our technical assistance delivery partners, can be found [here](#).

11) Estimated resources

Estimate of financial and/or technical resources that will likely be required in addressing the topic of this request.

Please note that the Facility **does not have the capacity to provide direct, bespoke funding support** since the RRF platform is primarily intended to **provide technical assistance** through the expertise of its Spoke network. However, some financial assistance may be available at the discretion of the Spoke Network, depending on the project. If funding is made available, it will primarily support the cost of carrying out the requested technical assistance. ZEV-RRF-coordinated financial assistance cannot cover costs for purchasing, upgrading, or repairing physical assets.
